Interests:

Playing tennis, working out, running, mentoring junior tennis players, enjoying down-time with family and friends, and traveling when my work schedule permits it.

My interest in serving on the ITC Board is:

I have basically grown up at the club over the years and feel strongly about giving back to one of the best tennis club in Portland. I believe I could bring a fresh perspective to the club and use experience that I've gained from my involvement in other tennis related activities and board memberships over the past several years.
